Dear Stefan,

As you know we recently bought a new house in Woolastone where you had completed the tiling for the walls and floors in the kitchen and bathrooms.

There were many factors in our decision to buy , however the precision and attention to detail in the tiling gave the overall finish the stamp of quality that clinched the deal,

Both Harold and I will recommend your services to everyone we know who wants that stamp of quality in their homes or business premises.

Yours sincerely

Jacky and Harold Sherman

Dear Stefan

I recently asked you to quote for the replacement of my worn out kitchen worktops plus sink unit and to replace my very DIY wall tiles. Your price was very reasonable and we asked you to carry out the work.

I must say that you have completely transformed the kitchen from being somewhat dowdy, to looking really attractive. My wife is especially impressed with the new sink unit.

Needless to say, I would be very happy to act as a reference for you should you require it and have already recommended you to a friend who needs tiling work done.

Many thanks

Brian John

Testimonial

I have no hesitation in giving this testimonial to Stefan Ostach of PMD Construction Ltd, wall and floor tiling specialist and kitchen fitter.

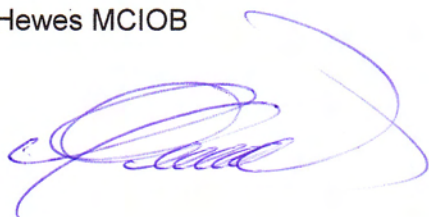

Not only is Stefan a true professional in his approach and attitude but also supremely reliable and good with clients as well as clients customers.

This is a bonus.

I have been in the construction industry all my life and have to say I have not seen tiling as good as Stefans. His attention to detail and the end result is supreme. I do not have to worry and concentrate my efforts on other disciplines safe in the knowledge that I do not need to check Stefans work and also know that when handing over a property to the ultimate end user that his standards reflect the overall standards and reputation that Hewes Developments has built up and earned.

Hewes Developments consider Stefan of PMD Construction Ltd as part of its team not just a sub-contractor.

Dear Stefan

Tiling of Shower Room

I just wanted to write and thank you for the superb job you made of my mother's shower room.

It was very stressful being in another country and being told that your 80 year old mother with Alzheimer's has a leaking shower which has caused a collapse of the ceiling below! You immediately went to assess the problem and left us feeling totally confident and happy that you would rectify the problem for us with the minimum of fuss and hassle.

I understand that you and your colleague worked into Saturday evening to get the job finished which was really appreciated. My mother is delighted and I was delighted when I arrived on the way home from the airport to clean my mother's flat to find that you had done that too – an excellent job!

I will be recommending you without doubt to everyone I know.

Thanks again.

Yours sincerely

Dear Stefan,

I would like very much to express my thanks for the careful and excellent works to our new shower. The tiles are beautiful and we are so grateful for the help and way you went about the work – I wish all craftsmen were the same.

I am very happy (should you require it) that you use me as a reference or if you require any further testimonial (you can of course use this too). I will happily recommend your services to clients and others.

With best wishes,

Simon Stone
